

## Q&A for Psychiatrist RFQ 3140003407

1. Is this open to locums? The contract is for a personal service contract for Psychiatrist Services. If all aspects of the bid requirements are met and locums can provide one Psychiatrist that can perform the services required for the duration of the contract, then yes. (Contract duration is 3 year contract with two 1-year renewals with option for Boswell to cancel contract with 30 day notice if contract is no longer needed.)
2. What is the estimated budget? The budget is at this time undetermined. We will address this depending on the selected vendor to fulfill the position.
3. How many hours per week is expected for the psychiatric services? At this time right now it is 10 but we are talking about increasing this as the need increases. The overall starting requirement for hours has not been settled on at this time, but for now it is 10.
